A Merciless Judge

One Who Shows No Favor.

A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Norway resident has withstood this sternest of all tests.

M. M. Kilgore, Danforth St., Norway, says: "I had backache and rheumatic pains for more than a year, caused by disordered kidneys. My kidneys were acting irregularly all the time and I was so lame and sore across the small of my back that I could hardly stand. At night I rested but little and was feeling miserable much of the time. I finally got Doan's Kidney Pills at F. P. Stone's Drug Store, and a few boxes cured me of the trouble." (Statement given July 24, 1908).

A Lasting Cure.

On June 7, 1916, Mr. Kilgore said: "I gladly give you my permission to continue using my recommendation as I am still a firm believer in Doan's Kidney Pills. The cure they gave me has proven permanent."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Kilgore has twice recommended. Foster-Milburn Co., Props., Buffalo, N. Y. 35-30

Homer C. Smith and Mrs. Lillian G. Bean of Newry called at the residence of Roy J. H. Little, Wednesday evening, Feb. 7 and were united in marriage by double ring service.

Winter is putting in some of its best work toward making this a record winter. Frequent snow storms and numerous touches of arctic weather. When the thermometer indicates from 20 to 35 below zero, it reminds us that all the old fashioned weather for this time of year has not been lost in the centuries gone by. As an accompaniment, gripe in mild or severe form has been grasping our citizens, young and old, reminding them of the uncertainty of life and of the unerring law, that health can be secured only by eternal vigilance.

Several of our citizens have felt the clutch of the monster, but thanks to the skill of our faithful doctors, there has been very few deaths.

February started in with a vigorous hand as though it meant to show us what it could do in adding to the record of cold and stormy weather. February 8 gave us some hope, by the mild atmosphere which prevailed, that the worst part of winter was past, yet with a blustering wind and probable storms of March ahead of us we do not depend too much on the present hope of better things until the safer atmosphere of spring is actually with us.

The deep snow with high winds have made some of our roads almost impassable. Some days the R. F. D. service has been greatly delayed.

Bragdon's moving pictures and old-time entertainments have given people an abundance of opportunity for recreation, while the meetings of the various lodges have filled in any spare evenings not otherwise provided for.

Bethel, among the hills, can assure any who wish to come this way, that they can have their fill of winter fun and cold at short notice.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Use "Gets-It," Lift Corn Right Off

Shrivels, Loosens—and It's Gone!

"Just like taking the lid off—that's how easy you can lift a corn off your toe after it has been treated with the wonderful discovery, 'Gets-It.' Hunt the wide world over and you'll find nothing so magic, simple and easy as 'Gets-It.' You folks who

have wrapp'd your toes in bandages to look like bunions, who have used salves that turned your toes raw and sore, and used plasters that would shift from their place and never 'get' the corn, and who have dug and picked at your corns with knives and scissors and perhaps made them bleed—just try this old and painful way and try 'Gets-It' just once. You put 2 or 3 drops on, and it dries at once. There's nothing to stick. You can put your shoe and stocking right on again. The pain is all gone. Then the corn dries a painless, shriveling death. It loosens from your toe, and off it comes. 'Gets-It' is the biggest selling corn remedy in the world today. There's none other as good.

'Gets-It' is sold by druggists everywhere, in a bottle, or on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Norway and recommended as the world's best corn remedy by F. P. Stone and Frank Kimball.

NORWAY AND VICINITY.

FIRST WRESTLING MATCH SUCCESSFUL

Several hundred interested spectators gathered about the ring side at Norway Opera House, Thursday evening, where three fast wrestling matches were held. Descoeau won over Evers, Russell got two straight falls out of Stanley and Truman laid Rollins' shoulders to the mat twice in quick order. The mill ran an hour, each winner pulling out his class with two straight fall. Excitement ran high, especially during the Truman-Rollins scrap as the Norway wrestler was strong favorite. There was no rough house at anytime during the show, and the crowd were as orderly as a Quaker meeting. All the work was done on an elevated mat, sixteen feet square, guarded by ropes in regulation style. Ringside seats were on the floor while others as desirable, occupied the stage and balcony.

On the stroke of eight L. M. Carroll, who acted as timer and announcer entered the ring. In a short speech he stated the object of the game was primarily to secure a nest egg from which to hatch a bang-up good ball team in the spring. He thanked the crowd for their interest which resulted in excellent financial returns. In explaining the dividing of the proceeds, 25 per cent. was to be the base ball fund, wrestlers purses would be split 60-40 in each contest. In case of foul the loser must forfeit the 40 per cent., which would be applied to the base ball account. Each match would run to a finish, the best two in three falls considered the winner. Promoter Carroll introduced Frank O'Brien of Lewiston, formerly a mat artist of note and thoroughly acquainted with the game, as referee.

Raymond Evers and Arthur Descoeau opened the card. Both are local high school athletes, well known among basket ball fans. The boys went on the mat as light weights, Descoeau weighing about 140 and his mate not over 127. Evers' corner was held by "Cyclone" Gregg and Roger Davenport looked after Descoeau's interests. At the word the boys clinched at once, starting the bout fast. Descoeau appeared the heavier and stronger man, but Evers proved wiry and hard to hold in a clinch. Both played close to the ropes and were set back several times by Referee O'Brien. Their work proved fast, especially during the first six minutes. Evers played a waiting game during the early stages and let his opponent do the rushing, but Descoeau got a hold that could not be broken and won the first fall in nine minutes and 10 seconds. In the second round the wrestlers went into low gear and slowed down, both played shy, using more strategy. They jockeyed several minutes until the final clinch, when Descoeau once more secured a hold that Evers didn't squirm from and laid his opponent flat. Descoeau won this fall in nine minutes and five seconds.

The second match was a short number and one sided as the contestants were unevenly matched. Russell and "Cyclone" Gregg of Pittsburg, Pa., were billed to appear in this middle weight event, but Russell appeared shy of the name "Cyclone" and refused to try him out. The promoters finally secured "Young" Stanley, formerly of Farmington, N. H., weighing 127 pounds, slight as a corn stalk to substitute. Roy Russell is a South Paris grain heaver, tips 150 pounds on the scales and strong as the Sampson of old. Stanley at one time had the goods, being a fast and skillful mat boy, but superior weight and strength offset any ring tricks which he might have been able to slide out. Descoeau of South Paris occupied Russell's corner, Gregg looked after Stanley. The first round opened with a flash of foot action, Stanley forcing his big opponent to chase him about the enclosure. When Russell got in close for the final grip, he picked up Stanley like a bag of meal and plastered him down with little trouble, doing the stunt in two minutes and 30 seconds. The second scrap was much like the first. Stanley realized his trick was to keep away from Russell's strong arms, so capered about his opponent like a frisky lamb in spring

time. There were several minor clinches and they found the ropes often in the struggle until the heavy grain man grasped Stanley and forced him to the mat by sheer weight, Russell winning this out in three minutes and ten seconds.

The main bout bringing "Yankee" Rollins, formerly of Rochester, N. H., an ex-New England middle weight champion vs. Homer Truman of Norway, one of the toughest Maine wrestlers within the ropes today. Truman had his brother, Ned, for his second, while Rollins was cared for by "Cyclone" Gregg. The "Yankee" has been an old time wrestler of note and held a title during several years, but has done nothing on the mat in five years until two weeks ago, when the match was arranged. During that short time he has worked hard and faithfully to reduce a surplus of fat, but climbing back to the game is a slow process and few there are who can make it, once down, always down, is the rule in athletics. On the other hand Homer Truman was in perfect muscular condition. The contrast in the wrestlers was striking as they faced each other for the final wind-up. Truman apparently being the better man physically. He carried man to hand.

The first round started in fast, Rollins pushing the argument while standing up his antagonist. Several clinches and breakaways was a signal for a grand burst of speed which sent the men into the ropes several times. Truman caught Rollins by the arm and rushed him into a post. Getting an arm and head lock on Rollins, Truman sent him flat to the mat. The shoulders touched but a moment and Referee O'Brien called it a fall in favor of Truman, time four minutes, nine seconds.

At the beginning of the second round, it was agreed to extend the time which would constitute a fall, this would require something more than merely touching both shoulders to the mat. The mill opened brisk with both wrestlers playing safe until Rollins clinched and forced Truman to the ropes, then to the mat. At this stage a near fall was in Rollins' flat against a post. Getting set back into the center broke Rollins' luck, for Truman caught him with the old reliable "scissors" hold and had the "Yankee" for a down. Time of this bout four minutes and five seconds. At no time did Truman exert himself and the two bouts seemed easy picking for the winner.

Contrary to the predictions of many wise acres, the show was a success. The whole thing was clean and passed off without roughness or any disgraceful actions. Smoking was not allowed in the hall and the spectators obeyed that rule and applause, but in no way could it be termed a riot or rough house. The promoters, Tom Raymond and L. M. Carroll, are highly pleased with the attendance and gentlemanly conduct of all present. They promise another match which will include several local men and one or more prominent wrestlers from the professional ranks.

CHAUTAUQUA SUPPER

The Chautauqua supper served at the Grange Hall, Friday evening, was well patronized, considering the weather conditions, there being about 125 present. Fate in the form of the weather and the car service seemed to be adverse forces. The snow of the day made it bad traveling and the electric from Paris, which was bringing about 40 guests broke down and they arrived at 8:45, so after a brief wait supper was served at just before nine o'clock. Soon after supper, as the speech making commenced, it was announced that the wind was filling the car tracks with snow rapidly and that the cars at the time were to make the last trip to Paris on account of a storm and the Paris guests were obliged to leave and when the car reached Shaw's store at Paris it broke down again and the people had to walk the rest of the way.

The supper was served by the ladies of the Congregational church and included baked beans, salads, holls, coffee and all kinds of "pastry". Music of the supper was rendered by Shaw's Orchestra of South Paris, including Howard Shaw, clarinet; Dr. Carl S. Briggs, violin; James E. Mason, trombone; Frank Knapp, cornet; Harley D. True, drums and Mrs. Carl S. Briggs, piano. A good variety of selections were given and were very much enjoyed.

After the supper, E. N. Sweet acted as toastmaster and immediately called on Carl H. Turner of New York, the speaker of the evening. Mr. Turner is assistant manager of the Chautauqua Course and was a very interesting speaker. He expressed his appreciation for the movement in which he had been received in South Paris and Norway and for the local interest being taken in the Chautauqua movement. In the course of his remarks he explained this movement which is bringing to the community the best form of entertainments, which are interesting and educational and which have an uplifting effect in the community and all at a price within the reach of everyone. He emphasized the fact strongly, that to make these courses effective, it must be remembered it is back by every one, and not for any particular organization, but every lodge, every church, every school, the grange and every merchant, in fact, everyone in the two towns must pull together and by so doing make Chautauqua a genuine community affair.

The coming summer's course is to be one of the best and an excellent, varied program is in store, one that cannot help from attracting. The 2nd day is to be Governor's day and the speaker is to be Ashton C. Shallenberger, Ex-Governor of Nebraska and it is the desire to have the Governor of Maine, Carl E. Milliken, preside at the session if possible.

The third day will be Merchants' and Business Men's Day and J. S. Knox of Cleveland, Ohio, president of the Knox School, will speak. He is one of the best men on efficiency in the United States, his lectures being sought after by the Boards of Trade of many of the largest cities in the country at the price of \$150 per evening.

Dr. Williams of Chicago, will present the great social questions of the day in relation of the big towns and cities and no greater man will appear at any of the Chautauqua attractions.

Among the musical attractions will be the Mendelssohn Sextet of Chicago, the Royal Blue Hussars Band of 17 pieces and will include a fine soloist and many other attractions made up of members of the band. Mrs. Skelton, one of the best readers from the south will be present. The Eschakowsky Quartette and the famous Kaiff boys choir from South Africa under the direction of J. H. Balmer are without equal in America. There are seven in the company. Another great drawing card will be

A FRIEND'S ADVICE

Woman Saved From a Serious Surgical Operation.

Louisville, Ky.—"For four years I suffered from female troubles, headaches, and nervousness. I could not sleep, had no appetite and it hurt me to walk. If I tried to do any work, I would have to lie down before it was finished. The doctors said I would have to be operated on and I simply broke down. A friend advised me to try Lydia E. Pinkham's Vegetable Compound, and the result is I feel like a new woman. I am strong, do all my own house work and have an eight pound baby girl. I know Lydia E. Pinkham's Vegetable Compound saved me from an operation which every woman dreads."—Mrs. NELLIE FISHBACH, 1521 Christy Ave., Louisville, Ky.

Everyone naturally dreads the surgeon's knife. Sometimes nothing else will do, but many times Lydia E. Pinkham's Vegetable Compound has saved the patient and made an operation unnecessary. If you have any symptom about which you would like to know, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free.

John Kendrick Bangs, the famous humorist of America of the present time. He will speak on "The Celebrities I Have Met". The whole course promises to be a great treat and is a strong course.

Following the talk by Mr. Turner, the toastmaster called on Frank Kimball, H. L. Horne, L. M. Carroll, Rev. R. J. Bruce, H. D. Smith, Judge Wm. F. Jones, S. B. Cummings and W. C. Leavitt, who made humorous remarks, showing their appreciation of the Chautauqua and expressing a desire that the 1917 Chautauqua may be largely attended and prove a big success.

Orrington M. Cummings Entertains Thursday, February 8, was Orrington M. Cummings' 78th birthday and to properly celebrate the event, sent out a general invitation to all members of Pennessessee Lodge, Knights of Pythias, the Lake Temple Pythian Sisters and a few guests for an informal gathering in K. of P. hall during the evening.

Nearly a hundred assembled at the appointed place where the party was to be held. The oyster supper prepared at 8:30 under the direction of John Swain, a veteran at the game. The Sisterhood offered a surprise in the form of sandwiches, fancy pies, cake, doughnuts and a splendid birthday cake, made and decorated by Mrs. Percy H. Noyes. The decorations on this huge delicious gift were pink roses and green leaves, the center bearing the inscription "1839 O. M. C. 1917." When the hall was darkened Tessa Thibodeau, a granddaughter, lighted the 78 candles that circled the edge while upon invitation of Mr. Cummings, Mrs. Percy Noyes and Berenice Nash, all of whom contributed it, each one present receiving a piece as they marched around the tables. Many tokens were discovered as the cake vanished. Wallace W. Sheen found the ring, Berenice Nash secured the thimble, Mrs. Etta Hobbs the penny and Mrs. Henry B. Foster possessed the button. A pretty feature was two large bouquets of carnations which graced the tables, one a gift from the Congregational church, the other a token of esteem from the Pythian Sisters.

Speeches with a literary and musical program was in order after the bountiful supper, with Henry B. Foster as toastmaster. Mr. Foster was well to the occasion, giving many amusing stories with Orrington playing a leading role as boss joker. Mrs. Harold M. Allen responded to a vocal solo, "The Voice of Spring", giving "I Love You" as an encore. Mrs. Allen was warmly received and the numbers finely rendered. Chanceller Commander, Frank J. Cook made a few remarks in which he paid Sir-Knight Cummings a glowing tribute as to his generosity to members and personal labors for the order of which he has been a longed member for twenty-eight years. John Ordway of Craigie Lodge, Oxford, reiterated the Chautauqua's remarks and said many nice things concerning Mr. Cummings' big heart.

At this point the toastmaster called on the host for remarks, but Orrington demurred and in retaliation removed Henry from the exalted position and gave the place of honor to Stuart W. Goodwin. The new toastmaster carried on the remainder of the program that included witty remarks by Mrs. Herman L. Bartlett, who in turn called on her sister, Mrs. Carl Stone. She responded with a reading, "The Love of Alkanabes Atkinson" by Holman Day. Remarks were made by Most Excellent Chief of Lake Temple, Mrs. Mary Lewis, Jesse P. Edwards and Mrs. Merton L. Kimball.

Henry B. Foster sprung the great surprise of the evening when, on behalf of the Pennessessee Lodge presented Mr. Cummings with a gold double strand watch chain and a pair of gold cuff links. To cap the climax, the new toastmaster, Mr. Goodwin came forward with a solid silver Past Chancellor's emblem, embellished with the insinua in gold, presenting it also as a token of love from his brother Knights. An impartial, called for but Orrington, to vacate the chair as a punishment for his indiscretion. However the host thanked all for their attendance, the additional food and the useful gifts which he would ever cherish. He gave this advice, "If you want to remain young as you advance in years, associate with young people, then when you are 78 you will feel frisky as you did 50 years back."

An invitation was extended for all to join in a social dance, that lasted until a late hour, music by Fred Davis, violin, and Berenice Nash, piano.

Ed. Dyer, the browntail moth gatherer, finds about 40 per cent. of the cocoons dead, due as he says, to the parasites that the Maine Commission has planted in town. Ed. has handled this job for several years and makes the statement that if nothing prevents the little insect from increasing, there will be a browntail nest in Norway to gather in 1920.

Read what Daisy Baker's Mother says about Home-Made Bread and how much she can save on her household expenses.

Look at this Bread!

If you could only actually see it, smell it and taste it!

Yes, I baked it myself. It's very little trouble and it's lots better than I can buy.

Then too, it means a big saving. I am cutting down on my meat bills because the family is eating so much more bread. They seem to like it better than the more expensive foods.

Even if I were not saving on my other bills, I am still saving almost half on the bread itself.

You can do the same thing. It's not hard. All you need is a good recipe and a good flour.

The flour that I use is wonderfully easy to work with. It's made in Ohio—right in the Miami Valley where the soft winter wheat has an unusual quality on account of the rich limestone soil. It's good for everything, and it gives a most delicious nutty flavor to your baking. Take my advice and try

SYSTEMATIZE your household expenses by opening a bank account for your wife. Give her a check book and teach her the use of it. Pay the butcher, the grocer, the baker, with a check. Then at the end of the month you'll find out just how much it costs you to run the home. When payment by check is made there never is any doubt as to whether or not a bill is paid. The check is a receipt. Besides, a checking account will give your wife a business education. The number of ordinarily bright women who know absolutely nothing of banking is surprising. If you are a husband, father, brother, you cannot tell when death may overtake you, and it is well that your wife, daughter and sister know something of banking.

NORTH LOVELL

Leonard Gammon
The people of this locality were shocked and saddened when they heard of the sudden death of Leonard Gammon, which occurred at his home in Norway, Jan. 29. He had been a resident of North Lovell for several years and moved to Norway last November. His business was farming until lameness prevented his following that vocation, when he sold his farm and moved to this place.

He was a member of Green Lodge I. O. O. F. and a member of Kezar Lake Grange. He was punctual in his attendance at the meetings of each society until his lameness prevented. In politics he was a democrat. He was an attendant of the Christian Church at Center Lovell. He was a pleasant acquaintance, kind in his family and will be missed by his friends here.

He leaves a wife (nee Susie McAllister), a step-daughter Mrs. Jennie Lawrence, two step-sons, Earl and Edward McAllister, one brother, Alvah Gammon and several nieces and nephews to miss him.

He was brought here for burial in Pine Grove Cemetery. The burial rites of the Odd Fellows were performed at the grave and reading and prayer by Rev. Charles Fisher of Center Lovell. The floral offerings were beautiful.

Alvah Gammon seems to be failing slowly. He does not sit up all the time. Amos McKee of Center Lovell visited his brother, Freeman McKee, and wife, Sunday.

Very cold weather lately, with a heavy snow storm and hard wind and a lot of drifted roads. It keeps the men and rollers busy.

C. H. Stearns was a guest at Percy McKee's, Thursday. Mrs. Mamie Harriman called on Mrs. Abbie McKee recently. She has been very ill for several years, but seems to be getting better and is looking fine.

Joe McAllister is sick with the prevailing grip cold and unable to attend school; also Vira Butters is sick with the same trouble and has to stay out of school.

Mrs. Mary Harriman, who has been sick, was able to spend the day with her sister, Mrs. Jane Hays, Sunday. Mrs. Eaton, who has been very ill with grippe, is better and able to be about the house. F. Tarbox lost a nice horse last week. Quite a loss these days of high prices.

John Farrington, who is attending school here, has been sick with the prevailing cold, also Everett McAllister has been sick with a throat trouble.

We are HAPPIEST when our lives are FULLY ROUNDED OUT by the proper experiences, and if we don't include ART in those experiences, we have missed the combination. MUSIC is just as much needed in our home—in ANY home—as different foods are at a meal. We can't get along on bread alone, or meat alone, or anything else by itself. And we can't say that we have lived up to our full measure without music. The PIANO is an essential in your home—because its results is an important part of Happiness. Who Started This Brighten-up Idea?

Nature started it originally and starts it anew every spring. Every opening bud, every flower that gives its gay color to a dull old earth, is a part of Nature's brightening up. Spring house-cleaning is a family institution. Inside, we go from cellar to attic, scrubbing, cleaning, putting in winter-planned improvements—and painting. Outside, we sow new grass seed, plant our gardens, set out our bulbs, trim our hedges—and paint our houses. Nature came first with this idea—Sherwin-Williams came second. We can't paint the sky—Nature does that. But Nature won't paint your house, or give your floor a lustrous surface, or brighten up a chair or a set of furniture, or give you washable walls of soft, delicate shades. But we will. Every surface about your house has been considered in our factory. For each one there is a Sherwin-Williams product made especially for it.

WEST PARIS

Last Saturday was a very windy, bad day, but there were a goodly number out to the all day Grange meeting. The few visitors expected were unable to come. The first and second degrees were given to three candidates and the third and fourth degrees were given to five candidates. The program as carried out was as follows:

Roll Call—Quotations from Abraham Lincoln. Recitation, When Geo. Washington was a boy. Piano solo with encore. Hand Clasp. Question for discussion—Give three reasons why women should or should not vote.

The discussion was opened by Iona Littlehale, followed by Mrs. Welch, who was negative, Mrs. Stetson, affirmative and Mrs. Churchill negative, all of whom had excellent papers. Several others were called upon adding to the interest of the question, favor to the negative, which showed, however, that a number of those who did not express themselves were in favor of equal suffrage. The next regular meeting will be an all day meeting and Pleasant Pond Grange is invited.

The meeting at the Free Baptist church spoken of last week, to be held Saturday, Feb. 17th, is one full of interest to all young people and it is hoped that all will avail themselves of this golden opportunity. The Boy Scouts observed the seventh anniversary of the Boy Scouts of America Thursday evening, with a banquet at Good Will Hall with their relatives as guests.

The boys here were organized in Oct. 1912 with four members. There are still 26 members, the others having moved away. Three of the charter members are still active members, two of whom have become Eagle Scouts and continue to earn additional merit badges beyond the 21 for which the Eagle rank is conferred. One of these, Rupert Berry, is serving his second year as assistant Scout master. The supper was served by the boys and kitchen work done up by them after supper. Dr. F. E. Wheeler, who represented the local examining committee, read the National President Colin H. Livingstone's message. At 8:15 the boys all responded to the Master's call for Scout Salute and repeated the Scout oath. The master, Rev. D. A. Ball gave a little talk in appreciation of the support given by the people and of their uplifting work. The Patrol leaders then gave some exhibitions of their accomplishments, which were certainly commendable to the order the individual and mutual helpfulness.

Worms Sap Children's Health
Mothers often wonder why their children are not rugged and hardy. In a vast number of cases the trouble is—Worms.

Signs of worms are: Deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly with occasional gripings and pains about the navel, pale face of leaden tint, eyes heavy and dull, nose itching of the rectum, short, dry cough, grinding of the teeth, little red points sticking out on tongue, starting during sleep, etc.

Dr. Frie's Elixir, the 60 years' time-tried Family Laxative and Worm Expeller, will expel the worms and restore the vine and vigor to your child. No better Laxative made for young or old. Mr. Horace Chenevix of Belmont, Mass., reports that he buys 12 large bottles at a time—\$35, 50c and \$1.00 at all dealers. Special treatment for tape further information.
